

Rural Clergy Training – Session II

August 19, 2015

Educating community clergy about how they can support Veterans and their family members through the readjustment process.

Many Veterans and their family members seek help for their problems from clergy. An upcoming event in Cincinnati can help prepare you to support them.

Rural and smaller-town Veterans in particular have limited choices for healthcare. As a member of the clergy, you and your house of worship are an important contact point for Veterans in your community. Sometimes clergy members aren't aware of the Veterans in their congregation or how they might help a Veteran and their family following deployment. Clergy may recognize Veterans who are struggling in their return to civilian life, but not know how to support them.

The National Chaplain Center of the Department of Veterans Affairs (VA) and the Evangelical Lutheran Church in America (ELCA) invite you to attend a free interactive training in **Cincinnati, Ohio**. This event will be held on **Wednesday, August 19th** from **10:00 a.m. until 3:00 p.m.** at the **Good Shepherd Lutheran Church**.

Training topics in this session will include:

- An overview of mental health services available in many rural communities.
- Detailed steps for making referrals to the VA, community mental health agencies, licensed providers through medical insurance, Medicare and chaplains of military units.
- Key advantages and disadvantages for referral options.
- The responsibility and roles that communities play in reintegration.
- How rural clergy can form community partnerships to support Veterans and their families.

This workshop will be held Wednesday, August 19th from 10:00 am until 3:00 pm at the Good Shepherd Lutheran Church, 7701 Kenwood Road, Cincinnati, OH 45236.

Check-in will begin at 9:30 a.m. and the day should conclude by 3:00 p.m. Lunch will be provided.
